

## Architect (Project Manager)

### About Republic

**Republic Architecture Inc.** is creative and inclusive. We are passionate about our work and committed to a collaborative approach to design and practice. Driven by the journey, we utilize an explorative process that connects the right people around the table. Our desire to produce thoughtful projects that engage is at the heart of everything we do.

### Position

We are looking to add an **Architect (Project Manager)** to be part of our dynamic team, responsible for leading and managing architectural and interior design projects. This position includes:

- Coordinating and managing the overall organization, administration, and delivery of the firm's projects.
- Collecting project background information and data, acting as a client liaison, and coordinating the transfer of project information between project team members.
- Analyzing processes, procedures, and working practices to identify and implement changes to increase efficiency, productivity, and overall performance of project teams.
- Attending meetings with various stakeholders to coordinate resources, determine project criteria, and provide information.
- Ensuring firm-wide protocols and standards are followed.
- Coordinating and scheduling meetings, and providing agenda and meeting minutes.
- Working closely with the entire team to ensure the effective delivery of cultural, defence, heritage, justice, and workplace projects across the country.
- Creating and managing master project schedules and budgets.
- Managing, coordinating, and compiling project deliverables.
- Overseeing quality control processes.

### Qualifications

Preference will be given to an architect from a recognized Canadian school who has experience in a professional consulting office. Candidates must be attentive to detail, with strong management, communication, and organizational skills. Experience in client and project management is an asset.
