

ARCHITECT (DESIGN)

Republic is not your average design firm. Driven by the journey, we utilize an explorative process that connects all the right people around the table. Our desire to produce thoughtful and engaging projects is at the heart of everything we do.

If you've met our team, visited our studio, or checked out our social media posts, you know we are unique. Dedicated to elevating and maintaining the health and wellbeing of our team, the studio is decked out with fitness equipment, the kitchen is stocked with healthy snacks, and work areas range from cozy café style lounge spaces to ergonomically friendly sit/stand desks. While the studio is an inviting and creative space, our work can happen anywhere – we allow for remote work and flexible schedules. These are just a few of the things that make us different. We also have social groups, monthly team events, and so much more.

The **Architect (Design)** will be responsible for managing the design process from project inception through to completion. This role includes:

- Programming, strategic and space planning, conceptual exploration and design development.
- Continually improving design quality by providing thoughtful solutions to design problems.
- Working on a variety of cultural, defence and educational projects across the country.
- Collaborating alongside a broad, multidisciplinary consultant team and our client groups.
- Balancing a desire for design excellence, sustainability and cost effectiveness.

Tell us why you're our next **Architect (Design)**. Send your resume to:
careers@republicarchitecture.ca
