

### SENIOR PROFESSIONAL INTERIOR DESIGNER

**Republic** is not your average design firm. Driven by the journey, we utilize an explorative process that connects all the right people around the table. Our desire to produce thoughtful and engaging projects is at the heart of everything we do.

If you've met our team, visited our studio, or checked out our social media posts, you know we are unique. Dedicated to elevating and maintaining the health and wellbeing of our team, the studio is decked out with fitness equipment, the kitchen is stocked with healthy snacks, and work areas range from cozy café style lounge spaces to ergonomically friendly sit/stand desks. While the studio is an inviting and creative space, our work can happen anywhere – we allow for remote work and flexible schedules. These are just a few of the things that make us different. We also have social groups, monthly team events, and so much more.

The **Senior Professional Interior Designer** will be responsible for design leadership, coordination, and production. This role includes:

- Providing leadership to multi-disciplinary teams to produce functional and elegant design experiences for a range of client groups;
- Building client and consultant relationships;
- Leading functional programming, strategic space planning, conceptual exploration, and design development;
- Producing detailed design drawings, renderings, furniture and fit-up plans, and colour and material schemes;
- Providing construction administration services for a variety of project typologies across the country; and
- Leading, coaching, and mentoring junior and intermediate staff.

Tell us why you're our next **Senior Professional Interior Designer**. Send your resume to: [careers@republicarchitecture.ca](mailto:careers@republicarchitecture.ca)

Preference will be given to a well-rounded individual who holds membership with a professional provincial association, and has 10+ years' experience with commercial, industrial, or institutional projects. Candidates must have experience working in AutoCAD and/or Revit to prepare construction documents and should have excellent communication skills. Fluency in French is an asset.
